# Performance Driving Australia

## 2015 Capability Statement

## Company Profile

Performance Driving Australia design and deliver a range of quality, nationally recognised driver training programs Australia wide.

PDA's focal point is to identify your specific training needs and design or tailor a training program to meet your requirements.

PDA programs create safer drivers by combining knowledge and skills based training catered specifically for the experience level of each participant.

PDA focuses on continuous improvement by monitoring feedback from participants and engaging in frequent consultation with industry.

## Mission Statement

Our mission at Performance Driving Australia is to safeguard road users by increasing the knowledge and skills of Australian drivers, with a focus on creating and providing superior driver training programs.

Working with our customers, trainers and team members to guarantee the delivery of quality training to meet our customers individual and specific needs.

Our goal is to always deliver the highest standard of service, whilst placing safety at the forefront of everything we do.
